## We claim:

4

1	1. A method comprising:						
2	determining, based on profit management considerations, a subscription to						
3	at least one product available for sale by a vending machine, the subscription						
4	including at least one term that defines at least one product which may be						
5	redeemed pursuant to the subscription;						
6	outputting an offer to purchase the subscription;						
7	receiving an indication of acceptance of the offer;						
8	registering the subscription;						
9	outputting a code; and						
10	receiving the code and a request to redeem a unit of a product pursuant to						
11	the subscription.						
1	2. The method of claim 1, in which the at least one term that defines at least						
2	one product which may be redeemed pursuant to the subscription defines						
3	a category of product, and						
4	a number of units of products included in the category which may be						
5	redeemed.						
1	3. The method of claim 2, further comprising:						
2	receiving a request to redeem a unit of a selected product pursuant to the						
3	subscription; and						

determining whether the selected product is included in the category.

- 1 4. The method of claim 2, further comprising:
- defining the category by determining which of a set of all products
- 3 available for sale are included in the category.
- 1 5. The method of claim 2, further comprising:
- 2 outputting an indication of products which are included in the category.
- 1 6. The method of claim 1, further comprising:
- 2 receiving from a customer a selection of a subscription of a plurality of
- 3 subscriptions.
- 1 7. The method of claim 1, further comprising:
- 2 receiving an indication of an amount of currency that is tendered to the
- 3 vending machine;
- determining whether the amount is greater than a predetermined threshold;
- 5 and
- 6 performing the step of outputting an offer to purchase the subscription
- 7 based on determining whether the amount is greater than a predetermined
- 8 threshold.
- 1 8. The method of claim 1, further comprising:
- 2 generating a code.

-- -- 51

1	9.	The method of claim 8, in which generating a code comprises:							
2		receiving a seven digit number from a customer via a keypad.							
1	10.	The method of claim 8, further comprising:							
2		storing the code in association with the subscription, thereby allowing the							
3	subsc	subscription to be determined from the code.							
1	11.	The method of claim 1, in which determining a subscription based on							
2	profit	profitability considerations comprises:							
3		selecting a product from a plurality of products based on at least one of:							
4	an actual sales rate of the selected product,								
5		an ideal sales rate of the selected product,							
6		a desired inventory level of the selected product.							
1	12.	The method of claim 1, further comprising:							
2		determining that sales volume for the vending machine at a point in time							
3	exceeds a threshold; and								
4		determining a subscription including at least one term that defines a							
5	prede	etermined period of time for redemption.							
1	13.	The method of claim 1, further comprising:							
2		receiving, from a customer, a request to purchase a subscription to a							
3	prede	etermined number of units of a product; and							
4		calculating a price for the requested subscription based on profit							

52

5 management considerations.

1	14.	The method	of claim	1 further	comprising
1	IT.	a mo momou	Or Claim	i, immunoi	COMBINISHIE.

- 2 receiving the code;
- 3 receiving an indication of payment;
- 4 improving at least one term of the subscription.
- 1 15. The method of claim 14, in which improving at least one term of the
- 2 subscription comprises:
- adjusting a term that defines a number of units of products which may be
- 4 redeemed.
- 1 16. The method of claim 1, further comprising:
- 2 providing an offer to recharge the subscription.
- 1 17. The method of claim 16, in which providing an offer to recharge the
- 2 subscription comprises:
- determining a number of units remaining for redemption on the
- 4 subscription; and
- 5 providing an offer to recharge the subscription if the number of units
- 6 remaining is less than a predetermined threshold.

currency that is tendered to the ater than a predetermined threshold;						
oter than a predetermined threshold:						
ater than a predetermined threshold.						
ater than a production med threshold,						
one product available for sale by a						
vending machine, the subscription including at least one term that defines						
,						
s included in the category which may						
be redeemed;						
abscription based on determining						
whether the value is greater than a predetermined threshold.						
e of the offer;						
registering the subscription;						
outputting a code; and						
of a selected product pursuant to the						
subscription;						
oduct is included in the category; and						
dispensing the product if it is determined that the selected product is						
included in the category.						
prising:						

1 20. The method of claim 19, in which improving at least one term of the

- 2 subscription comprises:
- adjusting a term that defines a number of units of products which may be
- 4 redeemed.
- 1 21. The method of claim 18, further comprising:
- 2 providing an offer to recharge the subscription.
- 1 22. A method comprising:
- 2 receiving a code via an input device of a vending machine;
- determining a subscription that correspond to the code, the subscription
- 4 including at least one term that defines a number of units of products available for
- 5 sale by a vending machine, which number of units may be redeemed;
- determining, from the code, a financial account identifier;
- 7 determining whether the number of units is below a predetermined
- 8 threshold;
- 9 extracting payment using the financial account identifier if the number of
- units is below a predetermined threshold; and
- increasing the number of units that may be redeemed if the number of units
- is below a predetermined threshold.
- 1 23. The method of claim 22, in which the financial account identifier comprises
- 2 a credit card number.
- 1 24. The method of claim 22, further comprising:
- 2 receiving an indication to activate automatic renewal.

- 1 25. The method of claim 22, further comprising:
- determining whether an indication to activate automatic renewal has been
- 3 received; and
- 4 in which extracting payment using the financial account identifier if the
- 5 number of units is below a predetermined threshold is performed only if an
- 6 indication to activate automatic renewal has been received.
